What do the shields mean?

For each skill, a candidate is awarded between 1 and 5 shields. If a candidate gets 1 shield, it means they need to improve a lot in this skill. If they get 3 shields, it means they answered many of the questions correctly, but can still improve. If a candidate gets 5 shields, it means they did very well and answered most of the questions correctly.

Most answers correct

A total of 10 or more shields across 3 skills means that the candidate is ready to start preparing for the next Cambridge level.
